

Institutional and Professional Licensure Disclosures for Enrolled and Prospective Students

ECU [degree programs](#) satisfy the professional licensure and/or certification requirements in North Carolina and prepare students to sit for these exams. However, requirements in other states may be different.

If you are considering a [degree program](#) that *may, would, could* or *potentially* lead to a [professional license and/or certification](#), please note that at this time ECU may or may not be able to advise whether a program meets requirements outside of North Carolina. Prior to enrolling in a [degree program](#), please discuss this important topic with your program of interest.
